

Commercial Mixture/Namkeen Machine

Specification	Details
Purpose	Used for mixing and preparing namkeen, snacks, and other mixtures
Capacity	Available in various capacities for small to large commercial needs
Construction Material	Made from high-grade stainless steel for durability and hygiene
Motor Power	Powerful motor for efficient mixing and processing
Mixing Efficiency	Uniform mixing ensures consistent taste and quality
Ease of Operation	User-friendly design for simple operation
Safety Features	Equipped with safety switches and protective covers for risk-free use
Cleaning & Maintenance	Easy to clean design for quick maintenance
